

4. Title of Action: Minor Construction and Facilities Maintenance/Repair Services for USASMDC/ARSTRAT Sites

Request for Proposal (RFP) number: W9113M-15-R-0006

Name of Requiring Activity: U.S. Army Space and Missile Defense Command/Army Forces Strategic Command (USASMDC/ARSTRAT, Office of the Deputy Chief of Staff Engineer (DCSEN)

Description of Effort: The USASMDC/ARSTRAT DCSEN provides minor construction and maintenance/repair services in support of the command's mission. In performance of this effort the contractor typically supports the DCSEN in fulfilling the following responsibilities: World-wide minor construction and facilities maintenance/repair work for USASMDC/ARSTRAT and its space and missile defense customers. The DCSEN manages USASMDC/ARSTRAT program requirements for facilities compliance, and structural restoration and planning. The DCSEN provides direct minor construction and maintenance/repair support to all war fighting elements of USASMDC/ARSTRAT to ensure that adequate, timely, and cost-effective support is provided. The DCSEN is responsible for the coordination of the facilities engineering program requirements with regional DoD organizations, including the Installation Management Command (IMCOM), to ensure requirements are fully supported to meet mission objectives. The DCSEN also manages facilities compliance program actions to include compliance visits, and coordination with host installations for minor construction and/or facilities maintenance/repair support.
